THOUSANDS ATTEND THE BIG REVIVAL.

Three Falls Cities In a Wave of Religious Activity.

STARTS WITHOUT HITCH

Services Will Continue For Two Weeks With Many Evangelists.

Between 10,000 and 15,000 people attended the opening services Sunday in the big religious revival in Louisville, Jeffersonville and New Albany. After weeks of preparation the great simultaneous movement was put under way with hardly a hitch, and it is estimated that several hundred conversions are the result of the first day's evangelistic work. The service will continue daily for two weeks in the various districts. Many evangelists of national reputation will assist in the meetings.

POLICE POINTS.

Changes on the Force During Past Few Days.

Two regular officers, Policemen M. W. Davis and J. E. Ricketts were off duty several days last week and Messrs. R. H. Huggins and Chas. Davis were put on the force as substitutes. On Saturday Policeman Geo. Walker resigned and W. H. Nixon was appointed to the vacancy until the council can elect. Mr. Walker will return to his trade of carpenter. He was elected when the present council went into office and his retirement was voluntary. Mr. Nixon has been on the force before and was an efficient officer, especially in the line of detective work. He owns the only bloodhounds in the city, and has been doing some private detective work with them of late. D. M. Boyd, who was on the force last year and failed of re-election the first of January, is now a brakeman on the L. & N. Railroad.

DOUBLE VICTORY.

Locals Took Both Games From the Visitors.

Two good games of Basket Ball were played at Moayan's Hall Friday and Saturday nights, between S. K. C. and Nashville High School teams. Both games were won by the locals, the first by 20 to 5 and the second by 29 to 9. There was some fast playing and both games were exciting, though not close or doubtful. The visitors were clearly outclassed. The line up was as follows:

S. K. C.	N. H. S.
Smith, F.	Bruce, F.
Phillips, F.	Hays, F.
Noe, G.	Bager, G.
Binns, G.	Fritsche, G.
Hardy, C.	Davis, C.

FIRE IN CREAMERY.

W. L. Gore Sustains a Loss at His Dairy Farm.

Fire in the creamery department of Mr. W. L. Gore's dairy destroyed the building and entailed the loss of two hundred dollars. It was a two room building in which was kept the dairy outfit, harness, bottles and other property. The fire caught from a stove at 8 o'clock in the morning. Mr. Gore's plant is on the Canton pike, near the city. No insurance.

Enthusiasm has been awakened in Russia by the Czar's indorsement of the scheme for revival of the Zemsky Zabor for the first time since Catherine the Great. The striking workmen remain quiet, but the police continue to mark arrests.

LEGISLATURE ADJOURNS ON FRIDAY

Hunt Site Location For Capitol Finally Approved.

GOVERNOR SIGNS BILL.

New Building Will Be a Mile From the Depot in South Frankfort.

Frankfort, Ky., Feb. 10.—The Wells House bill, fixing the Hunt place, on the South side of the Kentucky river, as the site for the new capitol, as amended by the Senate, leaving optional with the State Capitol Commission the purchase of a block of ground additional, was adopted by the lower house of the General Assembly. Sixty-three members voted for the bill and fourteen against it.

The extra session of the General Assembly convened on January 12 to provide a new site for the Kentucky Capitol, came to a close at 11:20 o'clock this morning, having accomplished that purpose.

Adjournment was had after it had been announced that Gov. Beckham had approved the work of the session, the "Hunt Place" site measure and after he had notified the committee of the two branches of the assembly that he had nothing further for their consideration at this time.

Both houses met this morning at 10:30 o'clock. Neither had a quorum, but this was not indicated. Every Republican member but one of the lower House had gone home last night or this morning. Several farewell speeches were made.

The joint committee which waited upon the Governor and notified him the assembly was ready to adjourn was made up of Senators Hickman, Richardson and Bennett and Representatives Drewry, Lawrence and McCarty.

HEXAGLOT BIBLE

In Six Languages Presented to Rev. Edmund Harrison.

Prof. Edmund Harrison's Bible class at the Baptist Sunday School Sunday morning presented him with a set of the new Hexaglot Bibles, which give the Scriptures in six languages in parallel columns. Hebrew, Greek, Latin, English, German and French all appear side by side. The book contains more than 4,000 pages and is in six large volumes. The presentation was made by Mr. Chas. M. Meacham and Prof. Harrison accepted the gift in a brief and appropriate speech. He is one of the most accomplished linguists in his denomination in Kentucky and can read the book in all the languages excepting the original Hebrew.

ICE GORGE BREAKS AT CINCINNATI.

Half a Million Dollars Worth of Property Jeopardized.

ONE STEAMER SUNK.

Many Coal Barges Carried Down by the Floating Glazier.

The breaking up of the ice gorges at Cincinnati Sunday resulted in much damage to property. One steamer sank, another was carried down the river in the ice, several others were badly damaged, and 150 barges were torn loose and sent down the river. Thirty were loaded with coal, and it is feared will prove a total loss. Precautions were taken to prevent damage by the gorge at Louisville, two large towboats being ordered out under full head of steam with double crews to battle with the ice when it floats into the harbor.

President Roosevelt has been "called down" in a most emphatic manner by the Senate and given to understand that "one man power" will not be tolerated and that he cannot negotiate treaties without the consent of the Senate and call them "international agreements." Only nine Senators voted to sustain him.

MERCURY IS ONCE MORE HUGGING ZERO.

Drop of Forty Degrees Came Sunday Night and Yesterday Morning.

MORE SEVERE WINTER.

Some Hope of Slight Relief Held Out For To-Day.

The cold wave promised for Sunday night came in on time. The rain of Saturday night was followed by flurries of snow Sunday and boreal blasts by night. From about 38 degrees Saturday night, there was a tumble of the mercury to 5 degrees below zero Monday morning, according to the government thermometer. The weather continued bitter cold and at noon the mercury stood at 4 above. The ground is partially covered with snow and ice and there is hardly any business going on in the city.

Slight relief is promised for today.

The money for the county teachers did not come Saturday, but Miss McDaniel by an arrangement made with one of the banks, paid their salaries as usual.

Miss Mollie Kennedy has gone to Russellville on a visit.

STATE MEETING OF Y. M. C. A. OWENSBORO.

Meets Thursday and Five Hundred Delegates Expected.

BANQUET FRIDAY NIGHT

Owensboro People Will Prepare a Fine Entertainment For the Visitors.

Owensboro, Ky. Feb. 13.—The state convention of the Y. M. C. A., which is to meet in Owensboro next Thursday for a session of four days, will be the most important gathering of Christian workers that has ever been held in the city and one of the most important that has been held in the state. From 300 to 500 youths and boys will come here to report their doings and to gather fresh inspiration for the mighty work before them, carrying back information of what others are accomplishing in the same field, inspired with new methods and nerved to stronger effort by what has been shown to be possible.

On Friday evening the Woman's committee of the Y. M. C. A., will serve a banquet on behalf of the local body. This will be one of the strongly attractive features of the convention. Covers will be laid for all of the delegates and visitors and a number of the citizens.

Patient's Death.

Matthew Ferguson, a patient from Warren county, died at the Asylum Friday, and the body was sent to Bowling Green for interment. He was 21 years old.
